INTRODUCTION

WATTS ENGINEERING SERVICES was established in early 1990. It has been performing the Multidimensional jobs in Designing, Consultancy and Construction Supervision of many prestigious projects. With our Knowledge & Experience of our Professionals (Individual & Team Work as integrated on WES Company, we have been rendering supremely excellent consulting services in Procurement, Engineering & Management Solutions and the Associated Architects, Civil Engineering Consultants and the Interior Designers experience perfection in our Technical & Commercial Proposals thus covering all d Specifications & the Requisites of the respective Clients. We always focus on the qualifying priorities & the merits of the defined scope of the work & surely, we always prefer to go for the improvements and never compromise on quality performance.

MOTO (Mission Statement): -

To provide excellent professional engineering services in main electrical discipline as per International Practices & Standards.

It is on record that our professionals have extensive experience of sharing their knowledge with the renowned Architects and Consultants of the country thus resulting strategic approach and methodology in preparing the comprehensive solutions for the on-going projects, thus the prestigious projects are on our credit.

We have a long list of the projects over which we have worked, like Multi-storied Buildings, Shopping Arcades, Educational/ institutional Buildings, Auditoriums, Hospitals, Health Care Centers/ clinics, Laboratories, Pharmaceutical Plants, Textile Spinning, Dyeing, Printing, Finishing and processing Mills plus many more remarkable projects. A complete List of Projects is furnished herein for ready reference & record.

Name Company:	M/s. Watts Engineering Services.
Founder & Chief Executive Officer	Saleh Muhammad Amin
Office address:	Suite 12, 4 th Floor Central Plaza, Civil Centre, Barkat Market, Garden Town, Lahore Pakistan.
Phone No:	+92-042-3588-1022
Cell No:	+92-0321-848-0402,
E-mail:	wattsengr2004@gmail.com
Banker:	Habib Bank Limited Gulberg, Lahore.

Garden Town Lahore, Pakistan

COMPETENCY & CAPABILITY

Watts Engineering Services is providing following scope of work;

ELECTRICAL WORKS

01. SUB-STATION AND SUB-STATION EQUIPMENT

- Grid Station / Substation layout Plan regarding Selection and Location of Wapda EHT/ H.T. Metering Panel and Consumer EHT / H.T. Panel Room, 220/132KVA Transformer, Grid Station and EHT/HT Panel Room.
- Showing routing of 220/132 KV conductor /11 KV-XLPE Cables.
- Selection of transformer with all accessories as per load and type of transformer as per site as well as installation type.
- Designing & selection of cables/ bus tie duct sizes from Transformer to Main L.T. panel
- Design & location of Main L.T. Panel, Main/Sub Main Panel Boards, Motor Control Centers Designing and selection of power factor improvement plants.
- Selection and Designing of cable sizing and proper selection of Main, Sub-Main cables and its routing from sub-station to various load points, Designing and location of Power Distribution Boards and its detailing

02. SCHEMATIC DIAGRAM

Preparation of schematic diagram showing the following

- Overall system network
- Schematic diagram for illumination (lighting) & receptacle (power outlets)
- General specification and Preparation detailed bill of quantities

03. ILLUMINATION DESIGN

- *Designing of illumination system as per stranded to meet client's requirements.*
- Selection of light fixtures to meet the illumination Design requirements.
- Preparation of lighting layout plan.
- Preparation of conduiting layout of lighting & small Power (Receptacle) with wiring details.
- General & detailed specification, Preparation of detailed bill of quantities.

04. EXTERNAL ILLUMINATION

- General & detailed specification, Preparation of detailed bill of quantities.
- Design of proper external illumination as per stranded.
- Selection of proper light fixtures and Steel Poles.
- RCC & PVC pipes for external lighting system with all accessories.
- Detail of Distribution Boards for control of external lighting system & power.
- General specification and Preparation detailed bill of quantities

05. ASSESSMENT OF ELECTRICAL LOAD

- Illumination load calculation.
- Data collection from client regarding electrical load of Machinery & details.
- Obtaining process information in General & on special system Tabulation of total load.

www.wattsengr.com

Suite- 12, 4th Floor Central Plaza, Civil Centre,
Garden Town Lahore, Pakistan

06. **EARTHING SYSTEM**

- Selection of material as well as type of earthing system.
- Selection of conductor size as well as Routing.
- General specification and Preparation detailed Bill of Quantities.

07. **COMMUNICATION SYSTEM**

Planning & preparation of layout plans showing wiring & routing of conduits for telephone & intercom systems

- Proper selection and location of EPABX, MTJB and TJBs.
- Routing and selection of incoming cable to EPABX, MTJB and TJBs.
- General specification and Preparation of detailed Bill of Quantities

08. **DATA SYSTEM**

Planning & preparation of layout plans showing wiring & routing of conduits for Data networking systems

- Proper selection and location of HUB, SWITCHERS.
- Routing and selection of incoming cable to Fiber, UTP/STP
- General specification and Preparation of detailed Bill of Quantities

09. **FIRE ALARM (F.A) SYSTEM**

- Location of Fire Alarm controller Systems
- Selection & Preparation of layout plans showing location of smoke/Heat detectors, manual Stations and alarm sounders
- Cable routing along with Conduiting for fire alarm system accordingly as system requirements.
- Preparation of Single Line Diagram
- Technical specification and Preparation of detailed Bill of Quantities

10. **FM 200 SYSTEM**

- * Location of FM200 Systems
- * Selection & Preparation of layout plans showing location of smoke/Heat detectors, manual Stations and alarm sounders
- * Cable routing along with Conduiting for fire alarm system accordingly as system requirements.
- * Preparation of Single Line Diagram
- * Technical specification and Preparation of detailed Bill of Quantities

11. **PUBLIC ADDRESS (PA) SYSTEM**

- Location of Public Address Controller Systems
- Selection & Location of Speaker Ceiling Type or Wall Type.
- Cable routing along with Conduiting for PA system accordingly as system requirements.
- Preparation of Single Line Diagram
- Technical specification and Preparation of detailed Bill of Quantities

12. **CLOSE CIRCUIT TELEVISION (CCTV) SYSTEM**

- Location of Close Circuit Television (CCTV) Main & Sub Main Controller Systems.
- Selection of Type & Location of Camera Ceiling Type or Wall Type or outdoor Type.
- Cable routing along with Conduiting for CCTV system accordingly as system requirements.
- Preparation of Single Line Diagram
- Technical specification and Preparation of detailed Bill of Quantities

0092-300-8480402 saleh@wattsengr.com Wattsengr2004@gmail.com

www.wattsengr.com

Suite- 12, 4th Floor Central Plaza, Civil Centre,
Garden Town Lahore, Pakistan

13. **LIGHTENING PROTECTION**

- Planning and detailing of lightning Arrestor on roof and down conductors.
- Location of earthing pits & details of earthing system.
- Specification and Preparation of detailed Bill of Quantities

14. **OTHER SYSTEMS**

Apart from the above-mentioned services, planning & designing are also provided for the following;

- Paging system
- MATV and multi-channel music system
- SCADA system
- BMS System
- Overhead/ Underground Power Distribution system
- Any other system as per client's requirement

15. **CO-ORIDINATION**

For evolvement of an economical and fault free design co-ordination is carried out with followings;

- Architect, Structural engineer, Public health engineer, HVAC system

16. **TENDER DOCUMENTS**

- Preparation of tender documents.
- Instruction to bidders
- Technical provisions
- General specifications
- Preparation of detailed Bill of Quantities

17. **PREQUALIFICATION OF CONTRACTORS**

- Invitation to tender.
- Receipt and opening of tenders.
- Appraisal of tenders.
- Preparation of report and recommendations.

18. **SHOP DRAWING**

- Scrutiny of shop drawings submitted by contractors & Manufacturers.
- Approval of shop drawing and Supervision in conformity to shop drawings.

19. **PRESHIPMENT INSPECTION**

- Inspection with testing of transformers, Generators, HT. LT Switchgear and PFI plant etc.
- Inspection and testing of cables, wires and bear conductors.
- Preparation and Scrutiny of the Bills of contractors.
- Compression with measurement books mentioned in projects.

20. **DOCUMENTATION**

The following documentation is provided;

- Agreed number of sets of preliminary/ final drawings
- Agreed number of tender documents
- Additional copies of drawing and documents will be available on payment.

www.wattsengr.com

Suite- 12, 4th Floor Central Plaza, Civil Centre,
Garden Town Lahore, Pakistan

21. ISSUANCE OF DOCUMENTS TO CONTRACTORS

- Tender documents are provided to pre-qualified electrical contractors at economical price to be determined after assessing the volume of work.

22. SUPERVISION DETAIL

Complete Residence Supervision of the project is carried out in the following manner;

- Monitoring day to day progress of the work.
- To co-ordinate with the contractors on daily activities.
- To record measurement /resolution of day to day difficulties Certificate of bills

23. TOP SUPERVISION

Periodic supervision as agreed to

- Assessment of general quality of works Demolition of bed workmanship
- Co-ordination meetings. Resolution of difficulties experienced
- Residence or periodic supervision is made available commensurate to remuneration
